## MATCHA

Embodying the rich history of tea, matcha (抹茶) is made from shade-grown tea leaves. The leaves, once harvested through a meticulous process, are left to dry, be de-veined and de-stemmed, and artfully ground into a fine powder. These high grade tea leaves are known to be rich in antioxidants, vitamins, and minerals. We here at matcha seek to put in the same kind of care and attention into brewing, creating, and mixing excellent drinks. We prioritize the quality of our ingredients and the integrity of our process to make sure we uphold our namesake.

## Great Tea Partner BOBA

One of our most popular compliments to our tea and milk tea, boba is a sweet pearl-like tapioca ball that serves as a refreshing dessert within the drink itself. The soft, chewy texture and subtle honey-like sweetness balances the strong flavor tones in various teas. Originating in Tawain in the 1980's, boba has now become a staple in the bubble tea market. Whether its your first or hundredth time, we hope our in-house tea and boba honors its tradition and remains faithful to the simplicity and addictively delicious taste that made it so popular today.
